The Graduate School of Arts and Literature

OFFICE OF THE DEAN

December 10, 1925.

Latin

Dean James H. Tufts,
Faculty Exchange.

Dear Dean Tufts,

I have received the enclosed letter from Professor Lord,
Secretary of the Advisory Council of the School of Classical Studies of
the American Academy in Rome. May I assume that if I go as a delegate
of the University, my railroad expenses to and from Ithaca will be paid
by the University? I have often been a delegate before and in every
case the University has paid the transportation. I hope that this policy
will not be changed. The University of Chicago is one of the contributing
institutions to the American Academy and this is ~~the~~ annual meeting.

Sincerely yours,

G. J. Lang

Dean.

P.S. Please return Lord's letter to me.

Dear Prof. Tufts:-

In my previous trips to Europe I have always found it useful on occasions to have a formal document from the institution with which I was connected. I still have the document which President Judson gave me nineteen years ago. Would you, therefore, be kind enough to write a short letter indicating my official connection with the University and have it properly decked out with an imposing seal.

I am leaving next week.

Cordially yours,

B. L. Ullman

Dear Prof. Tuttle:-

In my previous trips to Europe I have always found it useful on occasions to have a formal document from the institution with which I was connected. I still have the document which President Johnson gave me nineteen years ago. Would you, therefore, be kind enough to write a short letter indicating my official connection with the University and have it properly docketed out with an imposing seal.

I am leaving next week.
