Secretary

Chicago June 29, 1865

The Executive Committee met as per adjournment at the office of Mr. Clark at 9 o'clock in the morning.

Present Messrs James Woodworth, Board's Records & Burroughs.

The financial Secretary presented his report. Messrs Board's Woodworth, auditors stated that they had given to the (report) such an examination as they could, since it was prepared & believed it to be correct.

The Committee agreed upon the following as their annual report to the Board of Trustees. The Executive Committee reports that since the last annual session of the Board, nothing had occurred which demands special notice except what is set forth in the report of the Financial Secretary at the monthly meeting of the Executive Committee. In view of the complexity of the accounts as reported in detail of receipts & expenditures that they cannot be given read with a complete prepared report for this meeting. Owing to the pressure of business & the responsibility of numerous reports while the officers of the paper are in progress the Secretary found it impossible to forward a report until this morning the auditing committee have however examined the report & vote for its accuracy. It is therefore respectfully submitted to the General Board. The committee also at the same meeting requested of Prof. Mixer a report of the results of his agency but to the present moment have failed to receive it have accordingly unable to inform the Board of the results of that department of labor.
