To the Junior Colleges:

At the beginning of the school year all the colleges agreed to give 10% of all the money collected in the college to the Junior College Council to pay for ballot printing, program printing, etc. Very little of this quarter's money has come to the council yet, and we have to pay for the Junior day programs this week. So pay up as soon as possible. This is urgent.

Treas. of Junior College Council.

To the Union College:

At the beginning of the school year the college asked for \$100 of all-in money, which it the college to the Union College Council as a part of the college's income, which is the college's income.
