Thanks for the cute labels, I stick it in with the pen which never has almost quit leaving it but the labels look as if it had done a good deal of work. I'll try to get time to write to Miss Gill-ling soon when I will. I'm so busy I can't be able to see Marshall again. I have a third hour Math. so I won't get home till early evening. I'd have the first a free! It's maddening but nothing can be done. I'll worry for that I could get home third night but absolutely no changes are allowed.
