SHORTHORN CENTENNIAL

...

Monday, June 3rd, 1946

THOS. E. WILSON, Owner

We
Invite You
To Our Shorthorns
Centennial Sale . . .

Shorthorns 100 years of service to American agriculture finds them in the very enviable position of holding 3 world price records on steers and the record price for a bull of any beef breed. This certainly is an accomplishment that all breeders of Shorthorns may be justly proud, and furnishes ample evidence on the rewards of quality.

We are proud of the record of performance of Edellyn bred Shorthorns, for wherever they have gone they have been a good influence in the production of top cattle. Ample proof of this is the 1945 International Congress, recognized as the show window of the best that the breed produces, showed that no less than 70% of the cattle traced their ancestry to Edellyn, and included the grand champion and high selling bull, the reserve champion female, both bred and shown by Edellyn, and the high selling female was sired by an Edellyn bred bull.

The winning of the grand championship over all breeds at the Chicago Fat Stock show, by the Shorthorn steer Tomahawk was a great victory for our breed. Acknowledged by the competent judges as the greatest steer ever to win at Chicago he presented a pattern of perfection that could not be denied. The fact that he was sired by an Edellyn bred bull made us doubly happy. The grand slam victory of the get of Edellyn Campeon Mercury at Denver and Ft. Worth, the top selling bulls at the Canadian Sale sired by Edellyn Roman Mercury, and many others, bring joy to our breeding program.

Now we are selling another great offering from the same cow herd and the same great battery of bulls that have produced records on end among American Shorthorns. We recommend them very highly to you for we are confident that they will do for you, what their ancestors have done for us, and we sincerely hope that you will honor us with your presence at Shorthorns Centennial at Edellyn.

EDELLYN AUGUSTA 26TH—A sweet little daughter of Calrossie Mercury, the Perth Champion, out of cow that was the top of the 1942 Connor Prairie Sale, and perhaps one of the outstanding productions of that herd. Combining the blood of an International Grand Champion and a Perth Grand Champion has produced a heifer that will look very good, where ever she goes. Sells open.

Edellyn Princess Royal 23rd

• • •
EDELLYN PRINCESS ROYAL 23RD — A grand-daughter of the All-American Favorite and out of the same family that produced the great Edellyn Campeon Mercury, the sensational sire at Sni-A-Bar Farms. Collynie Princess 41st is the great grand dam of each. Collynie Royal Princess is also the grand dam of Ed-Ru Command that has done so well for Ed-Ru Farms of Missouri. And this little lady will do well for anyone that buys her, especially if she is carried on for the fall shows.

Edellyn's 1945 Record Sale.
Edellyn Royal Leader 14th Selling To C. M. Carraway & Sons

Will Johnson Says . . .

LET'S BE THERE

Above is a picture of the sale ring at Edellyn Farms' 20th annual sale. The sale was held on Monday, June 4th, last year. The attendance was the largest, the cattle were the best and the prices were the highest of all of Edellyn Farms sales. Will you be one of those who will sit at that sale ring on Monday, June 3rd, this year?

If you can arrange to attend and do come to this epochal auction sale, you will see, not only the top offering of Shorthorns ever sold from Edellyn, but the top offering from the Nation's greatest herds.

Since Calrossie Mercury's heifers have been bred to and have produced to the service of Edellyn Royal Leader and Edellyn Royal Leader's heifers have produced to the service of Calrossie Mercury and his sons, it has been demonstrated that the combining of the inherited factors of these two bulls is the most successful nick that has been observed to this date.

It is presumed that you have read and studied the rest of this catalog before you came to this, the last page. You cannot fail to have been impressed with the excellence of type shown by the many illustrations of cattle that will be in this sale and by pictures of their sires and, in many cases of their brothers and sisters. From the pedigrees, you have concluded, doubtless, that no better bred Shorthorns ever have been offered for sale. All that you need in order to confirm the good opinion that you have formed of these grand cattle is to see them. That opportunity and the opportunity to gain possession of these superb Shorthorns will be presented on June 3d. Let's all be there.

Will Johnson
